

**S.A.L. VETERANS DEER HUNT**  
**Lloyd Schaeffer, Chairman**

I was pleased to help this year with the Legionville Disabled Veterans Deer Hunt, October 1 and 2. If you measure success by how many deer were harvested then you wouldn't think it was that great. We only got one deer. If your measure of success was based on the smiles, laughter, the happiness that comes from forgetting your pains and problems for a few days, then we were most successful.

The development from acquaintance to friendship, the smiles from being able to shoot a rifle when you had thought that you would never be able to again, the opportunity to be a part of the hunt again. These are priceless and worth more than imaginable. It is hard to put the words to explain the transition, but once you see it you never forget it.

I want to thank Dave Vulcan and Doug Handley for coming up and helping with the guiding. Also Thank You to Bill Stein for bringing up the chili for lunch and feeding us. It is great to have people committed to helping and doing more than just talking about it.

We will be holding a muzzle loader deer hunt at Legionville December 6th and 7th if anyone is interested in helping please see me. Hopefully the camp can be finished to accommodate us there.

Thank you for the opportunity to represent the Detachment in this way.
